Hi Juan,

Just circling back with you so you're aware:

1. Access Point at EPUMC was submitted as part of the overall response by The People Concern to LAHSA's RFP on 2/27. We will find out sometime in May. If awarded, facility expected to open within 60 days of 7/1. Please keep TPC's name confidential for now in any convo w/ broad community until award is announced.
2. I'm working on seeing if TPC will be the asset contract counter-party to the County OEM for the trailer loan, and if SELAH can be the operating agreement counter-party to LAHSA. In the meantime, EPNC Homelessness Committee had Mel from Shower of Hope come to our meeting last night to offer another option (which may be a temporary start until we can situate the more permanent trailer) where they would come 1x/week with their mobile trailer or park one of their existing trailers in EP somewhere and operate it 1-2x/week. There were some questions generated from the committee about this which I'll send in separate email.

Thanks,  
Genevieve

Got it; have you been in touch recently with Liz / County OEM?

I think Tyan and I may have a catch-up with her in the near future, so we'll share the alley status if that's ok with you.

Thanks Genevieve.

I am working with the department to see if we can get the area cleared. It is a bit of a process for these projects.

Hi John,

Thank you again for your time last week. Here is the Access Center plan and answers to the questions you asked.

You'll also find the response to LAHSA's RFI on access centers that Genevieve put together with Echo Park NC.

Please let us know when you've had a chance to review. We'd love to do another call to talk about how to move this forward.

Thank you again,  
Lex, Genevieve, Dorit and Nithya
